**Mission Statement**

To promote safe roads, pathways, and sidewalks in La Plata County and its Towns and Cities for all users. Further to foster more positive relationships among all road users. It shall have a special emphasis on those actions to improve bicycling and pedestrian safety.

**Objectives**

1. Monitor and influence public policy and serve as a liaison with the City of Durango, La Plata County, and Colorado Department of Transportation to improve the safety of key roads for all users. This includes making recommendations for safer transportation facilities for bicycles, pedestrians, and motorists, including road, street, and sidewalk improvements, along with education, enforcement, and planning activities.
2. Encourage, support, and help make possible those activities needed to make La Plata County and surrounding areas a more "Bicycle Friendly Community".
3. Identify parts of a Complete Streets program that are applicable and appropriate for the County and its roads, and to foster those activities needed to realize those goals. The primary goal of a Complete Streets program is to assure that all users of any road are considered when a road is planned for construction or improvement.
4. Provide financial resources including funding and grant writing assistance to develop bicycle and pedestrian facilities or educational programs.
5. Work with local bicycling organizations regarding rider education and adherence to State laws governing the safe operation of bicycles on public roads and to improve cyclist/motorist interactions.
6. Encourage and foster a Safe Routes to Schools program.
7. Encourage cycling as an alternative mode of transportation to motor vehicles.
